# Gideon Miles Oluku

**Email:** Milesoluku@gmail.com **GitHub:** www.github.com/milesuno **Portfolio:** www.gideonmilesoluku.com

Full-Stack Web developer and Web Analytics Developer, experienced in agile development. I am passionate about bringing ideas into reality and developing them with analytics. I have experience with web development from conception to delivery, as well as gathering insights on project performance using analytics. I also have experience with AI agents and workflows, as well as integrating AI systems into established platforms. I believe my unique experience in both technology and business would make me a useful and versatile team member.

## EXPERIENCE

### Full-Stack Developer / Web Analytics Engineer
**HitMeUp*** (Social Platform) (Founder) *2026 - Present*
*Responsibilities*: UI Design, Prototyping, Testing, Delivery, Hosting and business acceptance tests.
